A complete guide to modifying small-block Chevrolet engines used in the powerboat industry. Includes a detailed look at the differences between auto and marine engines, and a breakdown on the marine components of a small-block Chevy. Fully illustrated.

The Board Review Series (BRS) is aimed at providing basic knowledge as it relates to clinical situations and is used primarily by medical students studying for the United States Medical Licensing Examinations (USMLE). BRS Behavioral Science, Fifth Edition covers material on this subject that is addressed on USMLE Step 1, written in outline format to provide an efficient method of studying behavioral science for USMLE. The book includes at least 500 USMLE-style questions with accompanying annotated answers. An exam follows each chapter and a Comprehensive Exam is included at the end of the book. A companion Website will offer the fully searchable text and an interactive question bank.

A comprehensive manual on how to keep your car in peak condition and to maintain its value.

The old masters of chess dealt only with the static features of the positional rules of chess. But these are insufficient to explain the basics of chess. The problem is that chess, like in other sciences, has undergone a dynamic revolution, but chess literature doesn't yet reflect it. In this major work Aagaard accessibly explains the rules of attack (the exploitation of a dynamic advantage), balanced between understandable examples, and deep analysis. Five years in the making, this book deals with weak kings, sacrifices, various minor attacking themes, intuitive sacrifices, opposite castling, modern king hunts, and enduring initiative.
