In the city of stairs, nothing is as it seems. You've got to be careful when you're chasing a murderer through Bulikov, for the world is not as it should be in that city. When the gods were destroyed and all worship of them banned by the Polis, reality folded; now stairs lead to nowhere, alleyways have become portals to the past, and criminals disappear into thin air.

City Of Stairs The Divine Cities [EBOOK]

City of Stairs is an urban fantasy by Robert Jackson Bennett. It takes place in a post-apocalyptic-esc city state called Bulikov. At some point in history, everything was ruled by a group of magical gods or

deities. One day a group of people from Saypur took over Bulikov by killing all of the gods and outlawed everything about them.

City of Stairs: A Novel (The Divine Cities): Bennett ...

City of Stairs is essentially a murder mystery accompanied by some of the most original world-building I've ever seen, and it plays in a wonderful and fascinating setting: the city of Bulikov. What I enjoyed the most were the philosophical and religious aspects. In fact, the world building and setting make this book terrific.

The Divine Cities Series by Robert Jackson Bennett

City Of Stairs (The Divine Cities) By Robert Jackson Bennett. The city of Bulikov once wielded the powers of the gods to conquer the world, enslaving and brutalizing millions — until its divine protectors were killed. Now, Bulikov's history has been censored and erased, its citizens subjugated.

Sent to a backwater colony that was once a god-supported conquering power, spymaster Shara Divani investigates the brutal murder of a historian and uncovers evidence that the city's divine protectors may still be alive. Original. 25,000 first printing.

A triumphant return to the world of City of Stairs. A generation ago, the city of Voortyashtan was the stronghold of the god of war and death, the birthplace of fearsome supernatural sentinels who killed and subjugated millions. Now, the city's god is dead. The city itself lies in ruins. And to its new military occupiers, the once-powerful capital is a wasteland of sectarian violence and bloody uprisings. So it makes perfect sense that General Turyin Mulaghesh—foul-mouthed hero of the battle of Bulikov, rumored war criminal, ally of an embattled Prime Minister—has been exiled there to count down the days until she can draw her pension and be forgotten. At least, it makes the perfect cover story. The truth is that the general has been pressed into service one last time, dispatched to investigate a discovery with the potential to change the world--or destroy it. The trouble is that this old soldier isn't sure she's still got what it takes to be the hero.

Shara Komayd, once Prime Minister of Saypur, has been assassinated. News travels fast and far, even to a remote logging town somewhere northwest of Bulikov, where the silent, shaven-headed Dreyling worker 'Bjorn' picks up the newspaper and walks out. He is shocked and grieved and furious; he's been waiting thirteen years for Shara, his closest friend, to reach out to him - to tell him to come home. He's always believed she was running a long operation, that there would be a role for him at the right time. Now he has no one else in his life, and nothing to live for - except to find the people who did this. Sigrud wasn't there for the death of his daughter Signe, and he wasn't there when Shara was murdered. Now Bjorn is dead and Sigrud is back. And he will find answers, for Shara, and for himself. He's made a promise ...

A special omnibus edition, collecting all three books of Robert Jackson Bennett's acclaimed Divine Cities trilogy in a single volume. In a world where terrifying, capricious gods once walked the earth, enslaving and brutalizing millions, three unforgettable protagonists struggle to come to terms with the mysteries these divinities left behind— and to make sure these cruel masters do not rise again. In City of Stairs, an unassuming young woman named Shara Thivani arrives in Bulikov, the city that once wielded the powers of the gods to conquer the world. Officially, she is just another junior diplomat, dispatched by the city's new colonial masters; unofficially, she is one of her country's most accomplished spies, on a mission to solve a murder. As she pursues the killer, she begins to suspect that the gods who once guarded Bulikov are not as dead as they seem, and that the city's cruel reign may begin anew. In City of Blades, General Turin Mulaghesh—foul-mouthed hero of the battle of Bulikov, rumored war criminal, ally of an embattled prime minister—is pressed into service one last time, investigating a terrifying discovery in the city of Voortyashtan, once the stronghold of the god of war and death. Voortyashtan's god is

most certainly dead, but something is awakening in the city. And someone is determined to make the world tremble at the city's awful power once again. In City of Miracles, the formidable, seemingly unkillable Sigrud je Harkvaldsson returns from self-imposed exile on a mission of revenge, only to find himself embroiled in a battle that may be beyond even his abilities to win—a secret, decades-long war that will force him to confront the last mysteries of Bulikov, the city of miracles itself.

"The exciting beginning of a promising new epic fantasy series. Prepare for ancient mysteries, innovative magic, and heart-pounding heists."--Brandon Sanderson "Complex characters, magic that is tech and vice versa, a world bound by warring trade dynasties: Bennett will leave you in awe once you remember to breathe!"--Tamora Pierce In a city that runs on industrialized magic, a secret war will be fought to overwrite reality itself--the first in a dazzling new series from City of Stairs author Robert Jackson Bennett. Sancia Grado is a thief, and a damn good one. And her latest target, a heavily guarded warehouse on Tevanne's docks, is nothing her unique abilities can't handle. But unbeknownst to her, Sancia's been sent to steal an artifact of unimaginable power, an object that could revolutionize the magical technology known as scrying. The Merchant Houses who control this magic--the art of using coded commands to imbue everyday objects with sentience--have already used it to transform Tevanne into a vast, remorseless capitalist machine. But if they can unlock the artifact's secrets, they will rewrite the world itself to suit their aims. Now someone in those Houses wants Sancia dead, and the artifact for themselves. And in the city of Tevanne, there's nobody with the power to stop them. To have a chance at surviving--and at stopping the deadly transformation that's under way--Sancia will have to marshal unlikely allies, learn to harness the artifact's power for herself, and undergo her own transformation, one that will turn her into something she could never have imagined.

You've got to be careful when you're chasing a murderer through Bulikov, for the world is not as it should be in that city. When the gods were destroyed and all worship of them banned by the Polis, reality folded; now stairs lead to nowhere, alleyways have become portals to the past, and criminals disappear into thin air. The murder of Dr Efrem Pangyui, the Polis diplomat researching the Continent's past, has begun something and now whispers of an uprising flutter out from invisible corners. Only one woman may be willing to pursue the truth - but it is likely to cost her everything.

As a magical revolution remakes a city, an ancient evil is awakened in a brilliant novel from the Hugo-nominated author of Foundryside and the Divine Cities trilogy. "An absolutely wild ride . . . Foundryside blew me away, and this is a perfect sequel."—Amal El-Mohtar, *The New York Times Book Review* A few years ago, Sancia Grado would've happily watched Tevanne burn. Now, she's hoping to transform her city into something new. Something better. Together with allies Orso, Gregor, and Berenice, she's about to strike a deadly blow against Tevanne's cruel robber-baron rulers and wrest power from their hands for the first time in decades. But then comes a terrifying warning: Crasedes Magnus himself, the first of the legendary hierophants, is about to be reborn. And if he returns, Tevanne will be just the first place to feel his wrath. Thousands of years ago, Crasedes was an ordinary man who did the impossible: Using the magic of scrying—the art of imbuing objects with sentience—he convinced reality that he was something more than human. Wielding powers beyond comprehension, he strode the world like a god for centuries, meting out justice and razing empires single-handedly, cleansing the world through fire and destruction—and even defeating death itself. Like it or not, it's up to Sancia to stop him. But to have a chance in the battle to come, she'll have to call upon a god of her own—and unlock the door to a scrying technology that could change what it means to be human. And no matter who wins, nothing will ever be the same. The awe-inspiring second installment of the Founders Trilogy, *Shorefall* returns us to the world Robert Jackson Bennett created in his acclaimed *Foundryside* . . . and forges it anew.

'Robert Jackson Bennett deserves a huge audience' - Brent Weeks, *New York Times* bestselling author of *The Black Prism* In the city of stairs, nothing is as it seems. The year is 1919. The McNaughton Corporation is the pinnacle of American industry. They built the guns that won the Great War before it even began. They built the airships that tie the world together. And, above all, they built Evesden—a shining metropolis, the best that the world has to offer. But something is rotten at the heart of the city. Deep underground, a trolley car pulls into a station with eleven dead bodies inside. Four minutes before, the victims were seen boarding at the previous station. Eleven men butchered by hand in the blink of an eye. All are dead. And all are union. Now, one man, Cyril Hayes, must fix this. There is a dark secret behind the inventions of McNaughton and with a war brewing between the executives and the workers, the truth must be discovered before the whole city burns. Caught between the union and the company, between the police and the victims, Hayes must uncover the mystery before it kills him.

The city of Voortyashtan was once the home of the goddess of death, war and destruction, but now it's little more than a ruin. General Turyin Mulaghesh is called out of retirement and sent to this hellish place to find a Saypuri secret agent who's gone AWOL in the middle of a mission. But the ghosts of past wars have followed her there, and soon she begins to wonder what happened to the souls in the afterlife when the gods were defeated by her people, the Polis. Do the dead sleep soundly in the land of death? Or do they have plans of their own?
