cornerstones of the educational sessions presented by Velez and his trading team. This DVD and guidebook combination was designed to help you identify the plays that will work best with your trading style, personality, and current portfolio. Watch the DVD and follow along as the plays unfold on the screen and page. This first-of-its-kind, comprehensive collection covers three profit-boosting systems: Micro Trading Tactics: Quick fire tactics that work in bull or bear markets, How to profit from the "market maker's lunch", What period of the market day provides the best risk/reward-and what times to avoid. Core Trading Tactics: How to precisely time entry & exit points, How core trading differs from investing-and the tools needed to be a successful core trader, The perfect strategy for updating long-term portions of your portfolio. Guerrilla Trading Tactics: 13 must-know, dynamic plays, some with a success rate of 80% or more, 2 key strategies: trading to build wealth vs. trading for income, Special tactics for playing excess volatility.

As CEO of Velez Capital Management, and cofounder of Pristine.com, Oliver Velez has dedicated his life to spreading the message that you, too, can make a living as a trader. Traders often attend his educational seminars multiple times in order to take-in the vast amount of information this legendary trader discloses. We've found that the combination of written word and visual presentation is the best way for you to master a subject. That's why this unique DVD/Course Book package is the perfect way to maximize your trading skills. It includes a full-length DVD of Velez's famed Options Trading Seminar, as well as a Course Book, where every ounce of information from the lecture has been translated into an easy-to-read, classic textbook form. You also get access to online self tests to make sure you absorb every bit of valuable information. Master the exciting, profitable niche of options trading. With this course, you'll learn: Option Trading Tactics: See how Velez uses various strategies to maximize returns, minimize risk, hedge, and speculate. Predict Price Movement Accurately: Know what stocks may do in the upcoming days and weeks. This is they only way you will make money in options. Market Analysis Strategies: Velez will show you why technical analysis is the key to options success and how to use this knowledge to take advantage of marketplace imperfections. A New Approach to Trading Psychology and Discipline: Discover the Pristine Method of "core trading" and Velez's ground breaking explanation of how the stock market works today. Develop Your Own Strategy: Create then follow a strict trading plan-one that will allow you to play the market without burning through cash! Use Option Trading Tactics Course Book, and, within no time, you'll be a more confident and profitable options trader than you ever thought possible.

Oliver Velez, co-founder of Pristine.com and current CEO of Velez Capital Management, is renowned for his effective tradingskills and specialized knowledge in technical analysis. His educational seminars are sought after by traders and often attended multiple times to extract every piece of wisdom from his presentations. Now, one of his most legendary sessions jumps from the screen into your hands in this coursebook of Velez's famed Swing Trading techniques. With detailed text and a vivid 90-minute DVD, you'll explore and master a highly profitable niche that exploits the two- to five-day holding period – a method too brief for large institutions, too lengthy for day traders, yet perfectly suited for individual investors with a mind toward success. In his captivating, high-energy style, Velez shows you how to: Spot opportunities using proven swing trading criteria; Define periods of market uncertainty and make the right moves; Discover key set-ups and effectively use moving averages; Read charts successfully, especially Japanese Candlesticks; Win by going against conventional trading wisdom; Understand and profit from understanding market psychology. Only in this book/DVD course combination will you be able to fully absorb the wealth of material that Oliver Velez is set up to offer. The easy-to-understand definitions and eye-opening self-tests bring the information to you and the power to your trades. Don't end up on the wrong side of the market. Swing Trading is the perfect tool for the investor who wants to understand the forces that shape the trading arena. This presentation has been viewed live and on DVD by hundreds of thousands of traders. Now you can use this course to rise above the impulse of novice traders. It's the best way to master the cycles and win consistent profits.

Candlesticks are one of the most widely used technical tools in trading. Designed to provide detailed, at-a-glance information, these charts are integrated into almost every web site and charting software solution. But, despite their popularity, the definitions of these candlestick patterns are often vague and misleading. Now, for the first time ever, Steve Palmquist hands you the secrets for effectively using candlestick patterns in all market conditions. Data that would take years to compile and years to interpret is now at your fingertips. Based on intensive back testing and research, Money-Making Candlestick Patterns shows how to appropriately use the most popular candlestick patterns in bull, bear, and sideways trends. Built from PROVEN FACTS, not theory, you'll learn: Clear definitions of each selected pattern to remove guesswork and improve performance Exactly what you need to know about back testing to increase your wins and minimize your losses The impact of various market conditions on the most powerful patterns to remove surprises and increase profits Keys to eliminating common testing mistakes that can prevent you from making money The candlestick pattern that has shown triple ROI in back testing This book rigorously tests the assumptions inherent in standard candlestick pattern definitions. Each chapter breaks down the pattern to examine how parameters such as current volume, average volume, and price level will impact results. The definitions that most often produce profitable trades are identified and outlined with complete usage instructions for increasing your winning trade

A breakthrough trading book that provides powerful insights on profitable technical patterns and strategies *The Art and Science of Technical Analysis* is a groundbreaking work that bridges the gaps between the academic view of markets, technical analysis, and profitable trading. The book explores why randomness prevails in markets most, but not all, of the time and how technical analysis can be used to capture statistically validated patterns in certain types of market conditions. The belief of the book is that buying and selling pressure causes patterns in prices, but that these technical patterns are only effective in the presence of true buying/selling imbalance. *The Art and Science of Technical Analysis* is supported by extensive statistical analysis of the markets, which will debunk some tools and patterns such as Fibonacci analysis, and endorse other tools and trade setups. In addition, this reliable resource discusses trader psychology and trader learning curves based on the author's extensive experience as a trader and trainer of traders. Offers serious traders a way to think about market problems, understand their own performance, and help find a more productive path forward Includes extensive research to validate specific money-making patterns and strategies Written by an experienced market practitioner who has trained and worked with many top traders Filled with in-depth insights and practical advice, *The Art and Science of Technical Analysis* will give you a realistic sense of how

## Download Free Core Trading Tactics With Oliver Velez

markets behave, when and how technical analysis works, and what it really takes to trade successfully.
