As mentioned by another reviewer, I very much believe Troy Denning is one of THE best EU authors that Star Wars has. When another author has let me down and Troy's book is next in the series, I often get excited knowing the tale will be that little bit sweeter for the remainder of the book.

It certainly isn't one of Troy Denning's better Star Wars books (he has written a couple of the best ones), but, for the most part, it is an enjoyable romp that covers most of what might be expected of a Star Wars novel. It focuses primarily on Luke, Leia and Han, who are, perhaps, the main three
