The developing person through the life span (6th ed.). New York: Worth. Berk, L. E. (n.d.). Development through the life span (4th ed.). Boston: Allyn and Bacon. Bruer, J. T. (1999). The myth of the first three years: A new understanding of early brain development and lifelong learning. New York: Simon and Schuster.

Introduction to Infancy | Lifespan Development

He is the author of about 30 articles and the following books: The Growing Child, 2/e, Learning, 2/e, Human Development Across the Lifespan, 7/e, The First Six Years, Educational Psychology, 3/e, Growth and Development Through the Lifespan, 2/e, Children's Literature: A Developmental Perspective

Laura Berk's Development Through the Lifespan is relied upon in classrooms worldwide for its clear, engaging writing style, exceptional multicultural and cross-cultural focus, cutting-edge consideration of the interrelationships between heredity and environment, rich examples, and long-standing commitment to presenting the most up-to-date scholarship. This new edition continues to offer students research-based practical applications that they can relate to their personal and professional lives. Laura Berk, renowned professor and researcher, has revised the text with new pedagogy, a heightened emphasis on the interplay between heredity and environment, and an enhanced focus on many social policy issues, while emphasizing the lifespan perspective throughout. The latest theories and findings in the field are made accessible to students in a manageable and relevant way. Berk's signature storytelling style invites students to actively learn beside the text's "characters." Students are provided with an especially clear and coherent understanding of the sequence and underlying processes of human development, emphasizing the interrelatedness of all domains--physical, cognitive, emotional, social--throughout the text narrative and in special features. Berk also helps students connect their learning to their personal and professional areas of interest. Her voice comes through when speaking directly about issues students will face in their future pursuits as parents, educators, health care providers, social workers, and researchers. As members of a global and diverse human community, students are called to intelligently approach the responsibility of understanding and responding to the needs and concerns of both young and old. While carefully considering the complexities of human development, Berk presents classic and emerging theories in an especially clear, engaging writing style, with a multitude of research-based, real-world, cross-cultural, and multicultural examples. Strengthening the connections among developmental domains and of theory and research with applications, this edition's extensive revision brings forth the most recent scholarship, representing the changing field of human development. Here's just what you need to effectively care for your patients at any stage of life in today's ever-changing world of health care. Elaine Polan and Daphne Taylor guide you through the life cycle—from conception to old age—with an emphasis on health promotion, maintenance, and restoration in clinical practice.

Laura E. Berk Development Through the Lifespan, 4e What reviewers are saying... ""This is the most engaging textbook I have reviewed or used... truly remarkable in its depth, research and professional, personable, and engaging writing style... This book sets a new standard of excellence...I especially liked the excellent applications-implications included... far superior to nearly all other texts I am familiar with."" -Dale Lund, University of Utah ""One of the strengths of this book is a sense that we are learning from someone who is both a great scholar and a very wise and experienced person. Berk has credibility on both a professional and personal level. . . . [The text] also offers a sense that my students are getting exposure to the best research and ideas available in my field." -David Shwalb, Southeastern Louisiana University ""[I appreciate the] great use of concrete, real-life examples of the various concepts throughout the chapter. This is incredibly helpful for students' learning and retention of the material."" -Tracie Blumenritt, University of Wisconsin La Crosse "I especially like the way Dr. Berk addresses policy in this text... the Social Issues boxes are very useful in engaging students in topics of real-life importance that go beyond the individual." -Ashley Maynard, University of Hawaii ""This is a high-quality text with wonderful pedagogical features."" -Laurie Gruntmeir, Redlands Community College ""One of the greatest strengths of any Berk book on human development is the quality of the research the author selects for inclusion. The timeliness and relevancy of the selected research goes a long way in enhancing the caliber of the information. The author has created a good blend of historic, classic, contemporary, and practical research, which is appropriate for the topics covered." -Lanthan Camblin, University of Cincinnati ""Chapter 8 is outstanding. . . . The discussion of the factors that influence social and emotional adaptation illustrates the complexity of development, but in a highly readable and understandable fashion." -Byron Egeland, University of Minnesota ""Chapter 19 is extraordinary. Other textbooks pay lip service to the topic (of death, dying and bereavement) and have the tendency to gloss over the material. Berk has written a phenomenal chapter... it is thorough, sensitive, and well written." -Cheryl Anagnopoulos, Black Hills State University

NOTE: Before purchasing, check with your instructor to ensure you select the correct ISBN. Several versions of Pearson's MyLab & Mastering products exist for each title, and registrations are not transferable. To register for and use Pearson's MyLab & Mastering products, you may also need a Course ID, which your instructor will provide. Used books, rentals, and purchases made outside of Pearson If purchasing or renting from companies other than Pearson, the access codes for Pearson's MyLab & Mastering products may not be included, may be incorrect, or may be previously redeemed. Check with the seller before completing your purchase. Discovering the Lifespan provides a broad overview of the field of human development and features a strong balance of research and application. In a unique departure from traditional lifespan development texts, each chapter is divided into three modules, and in turn, each module is divided into several smaller sections. Consequently, students encounter material in smaller, more manageable chunks that optimize learning.

This book explores the lifespan by combining research with a practicing psychologist's understanding of human development from infancy to old age.

This book provides introductory coverage of growth and development throughout the lifespan. The content emphasizes normal aspects as well as the unique problems and health promotion needs of each age and stage of development. It features a strong health promotion theme structured around Healthy People 2020 objectives. Lifespan coverage from prenatal development to death helps students integrate concepts related to normal changes in each stage of the life cycle. Coverage of current research and trends in health care provide readers with the most up-to-date, accurate information. Health promotion and disease prevention, including Healthy People 2020 objectives, are highlighted throughout the book. Cultural content is highlighted throughout the book and in new Chapter 3: Cultural Considerations in Health Care to encourage students to consider cultural implications at every stage of development. Separate chapter on advanced old age and geriatrics (Chapter 14) discuss the theories, physiological changes, and psychological aspects of aging; health promotion and maintenance; and the role of health care providers in caring for the geriatric patient. All of this helps students understand how to maintain quality of life and promote health in advanced old age. Teaching techniques for every developmental stage are part of a consistent chapter format and provide age-appropriate patient education tips. Consistent chapter organization for each stage of growth and development makes information easy to access. Critical Thinking scenarios and questions appear at the end of each chapter to help students consider all variables when planning care across the lifespan. Student learning features include Objectives, Key Terms, Key Points, and Review Questions. Appendix A includes the FDA's Recommended Child and Adult Immunization Schedules, providing essential health promotion information. NEW Appendix B provides a Multilingual Glossary of Symptoms to enhance students' awareness of culturally sensitive care. Glossary includes definitions of Key Terms and additional terms help students review concepts and terminology at a glance. Bibliography is organized by chapter at the end of the book to facilitate additional research and study.

When a local context really makes the difference! The new edition of this original Australian text continues to offer the most balanced coverage of theory and research for Australian students and educators and appeals to students from many backgrounds. It covers the domains of development including neurological, cognitive, social, physical and personality. The text is organised chronologically by chapter. Within each chapter content is organised topically. This structure allows for a degree of flexibility and lecturers can choose the way they wish to approach the content, whether it is topically or chronologically.

Santrock, Essentials of Life-Span Development, First Canadian Edition is an exciting new resource that offers essential content in a student-friendly format. Featuring shorter chapters and interactive study modules, Santrock 1ce covers all periods of the human life-span chronologically from the prenatal period through late adulthood and death. Santrock, Essentials of Life-Span Development, First Canadian Edition is ideal for one-semester Life-Span Development courses at both colleges and universities, or for any learner eager to explore the essentials of life-span development.
