The Nazis may have taken their home, but the family still has a guardian angel In this emotionally rich story, a little girl and her family live happily in Paris until Nazi soldiers arrive during World War II. She and her family must flee or risk being sent to a concentration camp, so they run into the woods, where they meet resistance fighters. But they're still not safe. They must cross tall mountains and sail in a rickety boat to England. Yet the whole time they're struggling to survive, the little girl thinks of the stone angel near their apartment in Paris and imagines it watching over her family. Offering a never-before-told story of the Holocaust, Jane Yolen returns to the material she mined in the award-winning THE DEVIL'S ARITHMETIC. Filled with sorrow, hope, comfort, and triumph, this gorgeously illustrated book is sure to become a modern classic—offering adults a perfect vehicle with which to share a difficult subject. Praise for STONE ANGEL: * "This story provides a wonderful addition to materials about World War II and the Holocaust, and is appropriate for even the gentlest of readers."--School Library Connection *STARRED*

From the best-selling and award-winning author of The Devil's Arithmetic, Jane Yolen, comes her first Holocaust novel in nearly thirty years. Influenced by Dr. Mengele's sadistic experimentations, this story follows twins as they travel from the Lodz ghetto, to the partisans in the forest, to a horrific concentration camp where they lose everything but each other. It's 1942 in Poland, and the world is coming to pieces. At least that's how it seems to Chaim and Gittel, twins whose lives feel like a fairy tale torn apart, with evil witches, forbidden forests, and dangerous ovens looming on the horizon. But in all darkness there is light, and the twins find it through Chaim's poetry and the love they have for each other. Like the bright flame of a Yahrzeit candle, his words become a beacon of memory so that the children and grandchildren of survivors will never forget the atrocities that happened during the Holocaust. Filled with brutality and despair, this is also a story of poetry and strength, in which a brother and sister lose everything but each other. Nearly thirty years after the publication of her award-winning and bestselling The Devil's Arithmetic and Briar Rose, Yolen once again returns to World War II and captivates her readers with the authenticity and power of her words. Praise for Mapping the Bones: "Jane Yolen's Mapping the Bones is a swift and

deadly drama with overtones of dark fable we all wish we could forget. But this book, a shining star held in a trembling palm, requires us to remember." --Gregory Maguire, internationally bestselling author of *Wicked* "Mapping the Bones is spare and beautiful and haunting. Jane Yolen has created a masterpiece." --Kimberly Brubaker Bradley, New York Times bestselling author of *The War That Saved My Life* "Master storyteller Jane Yolen has outdone herself. This is a compelling, important, necessary, and timely book that deserves the widest audience possible." --Lesléa Newman, award-winning author of *Still Life with Buddy* "In the hands of the superb Jane Yolen, folklore and fact connect in a harrowing testimony to horror and to love. Brutal, relentless, prophetic, and full of truth." --Elizabeth Wein, New York Times bestselling author of *Code Name Verity* "A compassionate, unflinching, unforgettable Nazi labor camp Hansel & Gretel tale woven by America's finest spinner of Holocaust stories for young readers." --Julie Berry, author of the Printz Honor Book *The Passion of Dolssa* "[An] expansive, eloquent novel." --Publishers Weekly "Yolen does a superb job of dramatizing the horrors of WWII and the Holocaust, bringing vivid fear and suspense to her captivating story. It makes for altogether memorable and essential reading." --Booklist "[A] breathtaking and heartbreaking look at the horrors of war and the lengths people go to overcome." --Voice of Youth Advocates "Fans of Yolen's *The Devil's Arithmetic* will be engrossed in this story until the last page." --School Library Journal "[A] well-rounded story of a very difficult time that shows the resiliency of these young people." --School Library Connection

An inept wizard-in-training is the only one who can save his classmates from the terrible sorcery that threatens to devour their magical school. Acclaimed master fantasist Jane Yolen imagines an academic world of wonders where paintings speak, walls move, monsters are made real, and absolutely anything can happen—as she introduces readers to a hero as hapless as the legendary Merlin is powerful. It was Henry's dear ma who decided to send him off to Wizard's Hall to study sorcery, despite the boy's apparent lack of magical talent. He has barely stepped through the gates of the magnificent school when he is dubbed Thornmallow ("prickly on the outside, squishy within"). Still, regardless of his penchant for turning even the simplest spell into a disaster, Thornmallow's teachers remain kind and patient, and he soon has a cadre of loyal, loving friends. But there is something that no one is telling the boy: As the 113th student to enroll in the wondrous academy, Thornmallow has an awesome and frightening duty to fulfill—and failure will mean the destruction of Wizard's Hall and everyone within its walls.

Hilary hates Jews. As part of a neo-Nazi gang in her town, she's finally found a sense of belonging. But when she's critically injured in an accident, everything changes. Somehow, in her mind, she has become Chana, a Jewish girl fighting for her own life in the ghettos and concentration camps of World War II. Han Nolan offers powerful insight into one young woman's survival through the Holocaust and another's journey out of hatred and self-loathing. Reader's guide and an interview with the author included.

Thirteen-year-old Madeline's diaries for 1941 and 1942 reveal her experiences living on Long Island during World War II while her father is away in the Navy.
