This book is an essential and practical tool for designing and creating fashion accessories for men and women. Intended for fashion students and professionals, the book includes different pattern techniques for each accessory and explains production processes so that readers can incorporate them into their professional practice, in addition to identifying and providing the information needed to recreate a wide range of accessory models. It includes descriptions of materials, examples of patterns and designs and different possible finishes through illustrations, photographs, technical drawings and texts that clearly explain the production process of each artisanal and industrial piece. As items that provide personality and originality to one's personal style, fashion accessories have become essential to completing the "look" for each occasion. With the help of this manual, having in-depth knowledge aboutthe creation of different pieces, from a bag to a pair of shoes to hats, gloves, ties and buttons -even clothing for dogs-, is a great way to get started in this branch of the fashion field.

This volume explores and provides clear and detailed explanations of all kinds of outerwear patterns for women and men.

A definitive guide to patternmaking, this accessible book explains the techniques in clear, simple

A guide to fashion accessory design covers the process of research and development; design principles; construction techniques; and information specific to handbags, footwear, and millinery.

This comprehensive introduction to accessory design gives the aspiring designer an overview of the history of fashion accessories, including a look at important contributions by brands both classic and contemporary. Genova presents a model for accessory design, from inspiration through manufacturing, and relates that process to the design of handbags and small leather goods, footwear, hats, gloves, belts, neckwear, and pocket squares. For each accessory, the text explains how the designer's creativity can be channeled into the development of styles that enhance a brand's appeal to its target market.
