Green Roof – Living Walls

A green roof (also known as a living roof or occasionally an eco-roof) is a roof or deck where vegetation or habitat for wildlife is deliberately established. Although 'green' refers to vegetation, it is important to note

Online Library Green Roofs And Living Walls For

that not all green roofs are uniformly green in colour.

from policy to practice - Livingroofs

Adding living walls and green roofs to urban structures mimics the conditions presented in rural surroundings, evapotranspiration from plants mitigates the

Online Library Green Roofs And Living Walls For

urban heat island effect and makes cities more comfortable places to live in the summer months by both reducing temperatures and dust in the air.
