Crocodile tries discouraging her as it is a difficult task to do. After a difficult and dangerous journey they manage to find the gold.

How to Find Gold: Amazon.co.uk: Schwarz, Silvia Viviane ...

If you are able to determine your prospective location for gold, the next step is to start sifting through the layers of sediments in the riverbed. Because gold is heavy, it usually settles under the riverbed below the black sand and gravel. But you can't find gold by just scooping with your bare hands. Some materials you need to prepare are:
