An easy to follow guide to restoring a classic Mazda MX-5/Miata - the world's favourite small sports car. This book takes you step-by-step through choosing a project car, looking the car over, planning the restoration, and buying parts and tools to perform the work. The comprehensive text is fully supported by high-resolution photographs, guiding you through stripping the car down, cutting out and repairing rust, restoration of interiors, replacing the hood, refurbishing the underside of the car including the floor pan, suspension, brakes, undersealing, reassembly, replacing the cam belt and waterpump, replacing engine seals and gaskets to cure common leaks. It also provides a guide to handy upgrades as you go along. Whether you are looking to restore to original condition or build an out-and-out track weapon, the techniques described in this book will assist you in getting the right base to start with. The book is based on an actual restoration of a vehicle carried out by the author, with before and after shots.

He knew better than to lust after the hired help. But Ramsey Westmoreland's new cook was just so delectable...it was enough to make the Denver rancher

rethink his rules. When temptation got the best of him, he discovered Chloe Burton was just as hot in the bedroom as she was in the kitchen. Though their affair was growing steamier by the minute, Ramsey couldn't help but question Chloe's true motives. And when he discovered her ultimate betrayal, he was set to satisfy himself with cold showers. Until he realized his fatal mistake: never underestimate the power of the human heart, especially a Westmoreland's.

This volume presents current treatment approaches for offenders with mental disorders in a variety of settings. After reviewing administrative and legal issues in the provision of care, the volume addresses therapeutic work with inpatients, outpatients, and incarcerated persons. Separate chapters cover special issues in treatment of sexual offenders, offenders with mental retardation, and juvenile offenders. Throughout, the approaches featured are interdisciplinary and eclectic, incorporating biological and psychological perspectives. This volume will be of use to mental health practitioners as well as legal professionals in criminal justice and mental health law.
