interested in just one subject area. However, purchasing the three in this bundle book will work out a little cheaper than buying the three books individually. Each book comprises 26 common "peeves" (in the form of chapters) associated with the oil painting area concerned, and therefore you will find 78 such peeves and suggested solutions collectively within. The book has 73,000 words, 78 chapters and around 400 images. Each book also possesses a step by step painting demonstration associated with the subject area. These are Castlerigg Stone Circle (for landscape art); David's Oath of the Horatii (for portraiture) and painting strawberries (for still life). As each book are in themselves separate entities, where applicable, similar information is presented in context of landscape art, portraiture and still life painting, although the information is presented differently. Examples of this are the art materials needed for painting and the nature of pigments. However, such occurrences are mostly confined to the introductory chapters of each book and occur seldom elsewhere. Key chapters in this book cover the colour theory, perspectives, drawing ellipses,
