*On Creativity by David Bohm - Goodreads*

Creativity is fundamental to human experience. In *On Creativity*, David Bohm, the world-renowned scientist, investigates the phenomenon from all sides: not only the creativity of invention and of imagination but also that of perception and of discovery. The creative impulse is instinctive to everyone, but its revolutionary potential is rarely realised.

book by theoretical physicist David Bohm and physicist and writer F. David Peat. It was originally published 1987 by Bantam Books, USA, then 1989 in Great Britain by Routledge. The second edition, published in 2000 after Bohm's death, comprises a new foreword by Peat as well as an additional introductory chapter, in which a fictitious dialogue between Bohm and Peat serves to introduce the reader to the context and topics of the book. In Science, Order and Crea
