Please Ignore Vera Dietz

Please Ignore Vera Dietz is a young adult novel that accurately portrays the struggles of friendship, community and loss. I felt the greatest lesson to be learned in the novel was to talk about things with those you love and trust and develop a sense of community. If you witness something bad, consider what would happen if you did nothing about it.

The first book from LA Times Book Prize and Printz Honor winner A.S. King--a witty, snarky tale of love and family, revenge and reincarnation, and pirates. In the late seventeenth century, famed teenage pirate Emer Morrisey was on the cusp of escaping the pirate life with her one true love and unfathomable riches when she was slain and cursed with "the dust of one hundred dogs," dooming her to one hundred lives as a dog before returning to a human body-with her memories intact. Now she's a contemporary American teenager and all she needs to escape her no-good family and establish a luxurious life of her own is a shovel and a ride to Jamaica...

The deeply affecting next book from acclaimed author Amy Sarig King.

Lucky Linderman didn't ask for his life. He didn't ask his grandfather not to come home from the Vietnam War. He didn't ask for a father who never got over it. He didn't ask for a mother who keeps pretending their dysfunctional family is fine. And he didn't ask to be the target of Nader McMillan's relentless bullying, which has finally gone too far. But Lucky has a secret--one that helps him wade through the daily mundane torture of his life. In his dreams, Lucky escapes to the war-ridden jungles of Laos--the prison his grandfather couldn't escape--where Lucky can be a real man, an adventurer, and a hero. It's dangerous and wild, and it's a place where his life just might be worth living. But how long can Lucky keep hiding in his dreams before reality forces its way inside? Michael L. Printz Honor recipient A.S. King's smart, funny and boldly original writing shines in this powerful novel about learning to cope with the shrapnel life throws at you and taking a stand against it.

Five white teenage cousins who are struggling with the failures and racial ignorance of their dysfunctional parents and their wealthy grandparents, reunite for Easter.

Astrid Jones desperately wants to confide in someone, but her mother's pushiness and her father's lack of interest tell her they're the last people she can trust. Instead, Astrid spends hours lying on the backyard picnic table watching airplanes fly overhead. She doesn't know the passengers inside, but they're the only people who won't judge her when she asks them her most personal questions . . . like what it means that she's falling in love with a girl. As her secret relationship becomes more intense and her friends demand answers, Astrid has nowhere left to turn. She can't share the truth with anyone except the people at thirty thousand feet, and they don't even know she's there. But little does Astrid know just how much even the tiniest connection will affect these strangers' lives--and her own--for the better. In this truly original portrayal of a girl struggling to break free of society's definitions, Printz Honor author A.S. King asks readers to question everything--and offers hope to those who will never stop seeking real love.

In this fearless portrayal of a boy on the edge, highly acclaimed Printz Honor author A.S. King explores the desperate reality of a former child "star" struggling to break free of his anger. Gerald Faust started feeling angry even before his mother invited a reality TV crew into his five-year-old life. Twelve years later, he's still haunted by his rage-filled youth--which the entire world got to watch from every imaginable angle--and his anger issues have resulted in violent outbursts, zero friends, and clueless adults dumping him in the special education room at school. No one cares that Gerald has tried to learn to control himself; they're all just waiting for him to snap. And he's starting to feel dangerously close to doing just that...until he chooses to create possibilities for himself that he never knew he deserved.
