Extras by Scott Westerfeld (Ugliers, #4) Extras is about reputation, appearances, misunderstandings, and lies, set three years after the Mind-Rain: Tally's last big trick in Diego. Aya is a vibrant addition to the series, and the way the plot slowly shifts focus is very well handled.

nobody would notice one ugly extra snooping around. Besides, Aya Fuse was an expert at being invisible. Her face rank was proof of that. It sat unmoving in the corner of her vision: 451,396. She let out a slow sigh. In a city of a million, that was total extra-land. She'd had her own

Extras is the fourth book in Scott Westerfeld's critically acclaimed, New York Times bestselling series (originally it was a trilogy). The book I ' m writing at this very moment is called Extras. It ' s set in the same future world as the Ugliers trilogy. It ' s Ugliers Book 4, so to speak. But trilogies only have three books, the pedants among you declare! Okay, fine. Extras really isn ' t the fourth book in the Ugliers trilogy. And the Ugliers trilogy isn ' t actually a tetralogy—or quartet, if you prefer real words in English.

The world of uglies, pretties, and specials is over. Now, it's all about fame. In the new book in Westerfeld's "New York Times"-bestselling *Uglies* series, everyone's social status is constantly monitored and rated, and anyone can be a celebrity in an instant.

A fresh repackaging of the bestselling *Uglies* books...the series that started the whole dystopian trend!

The complete New York Times bestselling *Uglies* series is available as a collectible boxed set. The future isn't far away. In Tally Youngblood's world, looks matter. She lives in a society created to function with perfect-looking people who never have a chance to think for themselves. And she's tired of it. First as an ugly, then a pretty, and finally a special, Tally takes down the social infrastructure. And then, a generation later, a world obsessed with fame and instant celebrity—and filled with extras—will reap the consequences. This collectible boxed set contains the complete *Uglies* series: *Uglies*, *Pretties*, *Specials*, and *Extras*.

Plusieurs années se sont écoulées depuis que la rebelle Tally a renversé le système des Uglies, des Pretties et des Specials. Sans castes, le monde connaît une véritable renaissance, sous le regard de millions de caméras. La société n'est plus qu'une gigantesque émission de télé-réalité. Une chose pourtant n'a pas changé : les moins de seize ans sont interdits en ville. Surtout quand on est une Extra comme Aya, une anonyme au rang facial ridicule. Sa seule chance de s'arracher à la médiocrité : claquer sur le nouveau règne une histoire inouïe et... dangereuse.

When she is turned into a super-model-esque super-fighting machine, Tally, a former ugly, is ordered to keep the uglies down and the pretties stupid in a carefully engineered world of perfection where she refuses to play by the rules.

Experience the riveting, dystopian *Uglies* series seen as never before—through the eyes of Shay, Tally Youngblood's closest and bravest friend, who refuses to take anything about society at face value. "From the moment we are born, we are considered threats in need of 'special' management. We are watched and shaped and exploited by a force most of us never see. . . . All to keep us safe. . . . Do you feel safe?! Or do you feel like you're in a cage?" —Shay In *Pretties*, Tally Youngblood and her daring best friend, Shay, both underwent the operation that turned them from ordinary Uglies into stunning beauties. Now this thrilling new graphic novel reveals Shay's perspective on living in New Pretty Town . . . and the way she sees it, there's more to this so-called paradise than meets the eye. With the endless parties and custom-made clothes, life as a Pretty should be perfect. Yet Shay doesn't feel quite right. She has little to no memory of her past; it's as if something in her brain has inexplicably changed. When she reunites with Tally and the Crims—her rebellious group of friends from Uglyville—she begins to recall their last departure to the wild, and the headstrong leader she used to be. And as she remembers the truth about what doomed their escape, Shay decides to fight back—against the status quo, against the mysterious Special Circumstances, even against her own best friend.

The second installment of Scott Westerfeld's international bestselling *Uglies* series — the global phenomenon that started the dystopian trend. In Tally's world, looks are all that matters. And now that she's finally undertaken the surgery to become a 'Pretty', everything seems perfect: her looks are flawless, her clothes are cool, her boyfriend is totally gorgeous, and she's completely popular. But beneath the fun of non-stop parties, high-tech luxury and apparent total freedom, Tally can't stop a nagging sense that something is wrong. Something important. Then a message from her 'Ugly' past arrives, forcing Tally to remember the truth she learned before her transformation, and the fun stops cold. Because the true price of this perfect world is more than Tally is willing to pay...

THE WORLD OF UGLIES, SET IN OUR NOT-SO-DISTANT FUTURE, is a complex place filled with bubbly technology and lingo, yet bogus rules about status and appearance. That's why a guide to the world of uglies has been requisitioned from the hole in the wall. Inside you'll find: A rundown on all the cliques, from Crims and Cutters to tech-heads and surge-monkeys The complete history, starting with the destruction of the oil bug to the launch of Extras in space How all those awesome gadgets came to be: hoverboards, eyescreens, skintennas, sneak suits... PLUS an exclusive look at Scott Westerfeld's first draft of Extras -- starring Hiro, not Aya. And so much more, it's mind-wrecking.

The first two novels of Scott Westerfeld's New York Times bestselling series—a global phenomenon that started the dystopian trend—now available in one edition. Tally can't wait to turn sixteen. Only then will she be able to have an operation to turn her from a repellant ugly into a stunningly attractive pretty and live in New Pretty Town—a high-tech paradise where her only job will be to have fun. But when Tally finally becomes pretty, everything isn't as perfect as it seems. Underneath all the beauty and luxury is a nagging sense that something is wrong. Very wrong. Searching for the truth, Tally discovers a whole new side of the pretty world—and it isn't very pretty. Now Tally has a choice to make: fight to forget what she knows or fight for her life.

Just before their sixteenth birthdays, when they will be transformed into beauties whose only job is to have a great time, Tally's best friend runs away and Tally must find her and turn her in, or never become pretty at all.
