THE SEVEN SPIRITUAL LAWS THAT GOVERN HUMANITY

BASED ON NATURAL laws which govern all of creation, this book shatters the myth that success is the result of hard work, exacting plans, or driving ambition. In The Seven Spiritual Laws of Success, Deepak Chopra offers a life-altering perspective on the attainment of success: Once we understand our true nature and learn to live in harmony with natural law, a sense of well-being, good health, fulfilling relationships, energy and enthusiasm for life, and material abundance will spring forth easily and effortlessly. Filled with timeless wisdom and practical steps you can apply right away, this is a book you will want to read and refer to again and again.

THE SEVEN SPIRITUAL LAWS THAT GOVERN HUMANITY

In China, State Sovereignty and International Legal Order, Phil C.W. Chan explores the nexus between China's exercise of State sovereignty and international legal order, and the locus in which State sovereignty resides in international law and foreign policy-making.

THE SEVEN SPIRITUAL LAWS THAT GOVERN HUMANITY

Laura Vivanco's study challenges the idea that Harlequin Mills & Boon romances are merely mass-produced commodities, churned out in accordance with a strict and unchanging formula. She argues that many are well-written, skillfully crafted works, and that some are small masterpieces. For Love and Money demonstrates the variety that exists beneath the covers of Harlequin Mills & Boon romances. They range from paranormal romances to novels resembling chick lit, and many have addressed serious issues, including the plight of post-Second World War refugees, threats to marine mammals, and HIV/AIDS. The genre draws inspiration from Shakespearean comedies and Austen's novels, as well as from other forms of popular culture. "Laura Vivanco's For Love and Money is an impressive study of the popular fiction of Harlequin Mills and Boon that is a must read for any student of popular fiction and for those who write and love the genre."Liz Fielding, author of over 50 Harlequin Mills & Boon romances. !Deep learning, wide reading, and clear thinking are very much in evidence in Vivanco's exploration of HM&B. A welcome addition to popular romance criticism.!! Professor Pamela Regis, author of A Natural History of the Romance Novel. "Laura Vivanco's analysis of the category romance is both meticulous and inspiring. And while Vivanco limits her examples and discussions to category romances by Harlequin Mills & Boon and the HQN imprint, her application of Frye's mimetic modes begs for expansion to texts and authors across the genre. This piece of literary criticism should serve as a template for romance scholars to move from defending the genre to discussing its values and complexity as a literary art. ! Maryan Wherry, Journal of Popular Romance Studies

Scholars of international human rights law are largely unfamiliar with law and society scholarship, while the study of international human rights has remained at the margins of the law and society movement. International Law and Society: Empirical Approaches to Human Rights seeks to bridge this gap by presenting the work of a growing number of academics who are adopting a range of empirical approaches to international human rights. Drawn from the fields of anthropology, sociology, political science and law, the studies featured in this volume use a variety of qualitative and quantitative methods to analyze core issues of international law and human rights, such as compliance, the development of norms and the role of social movements.

THE SEVEN SPIRITUAL LAWS THAT GOVERN HUMANITY

Have national judges started treating the provisions of the European Convention on Human Rights the same way they treat the EC law's norms? In order to answer this question, the editors of this book included scholars from the countries that are members both of the EU and the Council of Europe. The book collects the proceeding of an international conference held January 16-17, 2010, at the Scuola Superiore Sant'Anna of Pisa.

"New York Times bestseller/over 40 million copies sold" "The #1 Most Influential Business Book of the Twentieth Century" One of the most inspiring and impactful books ever written, The 7 Habits of Highly Effective People has captivated readers for nearly three decades. It has transformed the lives of presidents and CEOs, educators and parents/millions of people of all ages and occupations. Now, this 30th anniversary edition of the timeless classic commemorates the wisdom of the 7 habits with modern additions from Sean Covey. The 7 habits have become famous and are integrated into everyday thinking by millions and millions of people. Why? Because they work! With Sean Covey's added takeaways on how the habits can be used in our modern age, the wisdom of the 7 habits will be refreshed for a new generation of leaders. They include: Habit 1: Be Proactive Habit 2: Begin with the End in Mind Habit 3: Put First Things First Habit 4: Think Win/Win Habit 5: Seek First to Understand, Then to Be Understood Habit 6: Synergize Habit 7: Sharpen the Saw This beloved classic presents a principle-centered approach for solving both personal and professional problems. With penetrating insights and practical anecdotes, Stephen R. Covey reveals a step-by-step pathway for living with fairness, integrity, honesty, and human dignity/principles that give us the security to adapt to change and the wisdom and power to take advantage of the opportunities that change creates.

This book elucidates why human rights still matter in contemporary global affairs, and what can lead to better protection of international human rights in a post-liberal order. It blends theoretical, empirical, and normative perspectives, while providing much-needed analysis in light of the perils of populism, authoritarianism, and toxic nationalism, as well as highlighting the hopes with which people around the world view human rights in the new millennium. Systematically combining theoretical perspectives from across the disciplines with numerous case studies, it demonstrates not only the complexities of the domestic conditions involved, but also the ways in which human dignity can be preserved and promoted during periods of rapid change and uncertainty. Finally, the book addresses the question of how to protect human rights in such a world in which the active promotion of democratic values and enforcement of human rights may not be necessarily aligned with evolving economic and geopolitical interests of many great and diverse powers on the global scene. As such, it is a timely intervention for human rights as a concept as it has been attacked and eroded by the instability in our world today. This book will be of key interest to scholars and students of human rights in politics, law, philosophy, sociology, and history and to humanitarian bodies, practitioners, and policy makers.
