This full-immersion experience challenges you to solve these slightly re-imagined scenarios inspired by Sir Arthur Conan Doyle's most famous Sherlock Holmes short stories: Interactive Challenge 1: Begins with a short introduction to the short story/crime, giving a summary of the main characters and plot. Following the introduction, 24 puzzles--including cryptograms, crosswords, logic conundrums, visual puzzles, ciphers, and word searches--are presented, for a grand total of 144puzzles. Interactive Challenge 2: Utilizes maps that readers use to maneuver around the chapters, completing each puzzle not in a chronological order but, instead, relying on tips and clues from each solved puzzle to travel around the book, like a maze. Interactive Challenge 3: Drops hidden clues that accumulate into a final, overarching word search, which requires the completed clues from all 6 chapters. The Puzzlecraft series from Wellfleet Press tackles some of the greatest conundrums of our time. Learn how to navigate the world's trickiest mazes, solve the most complex crosswords, and finally get the answer to "Why is a raven like a writing desk?"
