A dangerous, homeless drifter who grew up picking cotton in virtual slavery. An upscale art dealer accustomed to the world of Armani and Chanel. A gutsy woman with a stubborn dream. A story so incredible no novelist would dare dream it. It begins outside a burning plantation hut in Louisiana. . . and an East Texas honky-tonk . . . and, without a doubt, in the heart of God. It unfolds in a Hollywood hacienda . . . an upscale New York gallery . . . a downtown dumpster. . . a Texas ranch. Gritty with pain and betrayal and brutality, it also shines with an unexpected, life-changing love. has been a featured component of recent presidential agendas. While "missions" used to be the territory of experts and missionary professionals, globalization has made the issues and needs of our world accessible to average Americans. Many American Christians feel overwhelmed by the scope of the brokenness in the world and conclude all they can do is go on with their lives. Others respond by giving and praying, and still others want to do more. *What Can I Do* shows that global mission is something we all can be part of in tangible ways. And while that might include going on a short term mission trip or providing financial support, there are many more ongoing and holistic forms of engagement. This book helps readers see that the roles they already have—business leader, scientist, teacher, student, parent, or neighbor—can provide ways to engage in global mission. Mission is what we were created to do. It includes evangelistically calling people to follow Jesus wherever we go, whatever we do. But it's more than that. This book will help us explore the way our ordinary, everyday tasks of work and life can be part of God's mission to heal a broken world.

What if you could become a powerful force for good in the world without moving overseas, burdening your overwhelmed family, or giving up the comforts of modern life? Chris Marlow, founder of the global advocacy organization *Help One Now*, once felt paralyzed in the face of global problems. They seemed too numerous, too complicated, too big—and after all, how much can one person really do? But a wake-up call in Zimbabwe and a closer study of Scripture soon showed Chris that maybe Christians are overcomplicating how to do act justly in a broken world. Maybe all God is calling us to do is set up a lemonade stand for a good cause. *Doing Good is Simple* is your practical guide to world change wherever you are. Through Chris' own journey of an ordinary person seeking God's good in the world, this book will: Empower you to make a difference where you are Redefine good according to God's metrics of small, simple things with great love Bring global concepts down to earth for you to find your place in the area where God is calling you Disband the top myths we tell ourselves when it comes to world change and why we aren't "enough" Free you from your first world guilt complex that drags you down Provide practical, accessible guidelines for getting started today

We all know the basics of punctuation. Or do we? A look at most neighborhood signage tells a different story. Through sloppy usage and low standards on the internet, in email, and now text messages, we have made proper punctuation an endangered species. In *Eats, Shoots & Leaves*, former editor Lynne Truss dares to say, in her delightfully urbane, witty, and very English way, that it is time to look at our commas and semicolons and see them as the wonderful and necessary things they are. This is a book for people who love punctuation and get upset when it is mishandled. From the invention of the question mark in the time of Charlemagne to George Orwell shunning the semicolon, this lively history makes a powerful case for the preservation of a system of printing conventions that is much too subtle to be mucked about with.

*What Difference Does It Make?* is a true story of one individual who still believes in the democratic system that is now being stripped away from the honest American, and the struggle this one person went through to attempt to preserve it. With over seventeen years with the FAA and numerous excellence awards with cash bonuses, my career ended up being fired for "lack of candor" in my refusal to reveal what I had provided to the FBI after the retaliation began from my testimony in Washington DC,
