Technology is changing the way we do business, the way we communicate with each other, and the way we learn. This new edition is intended to help technical writers, graphic artists, engineers, and others who are charged with producing product documentation in the rapidly changing technological world. While preserving the basic guidelines for developing manuals and warnings presented in the previous edition, this new edition offers new material as well, including a much-expanded section on hazard analysis. Features Provides more explicit guidance on conducting a hazard analysis,
